INDEX TO VOLUME VI.

PAGE.

Admiral Oushakoff, description..... 210
Air (compressed) motor, weight and power of..... 582
Air pumps.—F. H. Bailey..... 518
discussion on.....534, 765
Blake "twin" on *Minneapolis*.....708, 720
data of for U. S. Ships, precedes..... 533
engines, power in proportion to that of main engines.—Towne... 767
valves, without springs.—Forsyth..... 539
Albatross.—By Chief Engineer Isherwood, U. S. N..... 497
Alert, description..... 203
Alexandra, speed and power..... 493
Algerine, description..... 615
Aluminum torpedo boat..... 786
yacht, *Vendenesse*..... 165
Annual meeting..... 227
Antelope, trials..... 200
Architecture navale, Croneau..... 844
Aréthuse, steam pipe explosion on..... 785
Aretusa, description and trial..... 208
Argonaute, French torpedo boat..... 619
Associates..... 235
Astræa, trial..... 199
Atlantic record.....597, 790
Aurora, description..... 177

Bailey, F. H.—Air pumps..... 518
Air pump, test of..... 768
Baird, G. W.—Test of coke on board *Dolphin*..... 736
Baku Standard, liquid fuel steamer..... 417
Baltimore, comparison of performance with that of *Iona*..... 685
Bancroft, comparison of trial, with calculated I.H.P.—Warrington..... 265
Banshee, paddle steamer, new machinery..... 840
Barfleur, size and cost..... 495
trials..... 197
Battleships, British, first-class.—White..... 464
relative power and speed of typical..... 493
steam trials..... 177
Belleville boilers of *Sharpshooter*, further trials of..... 591
Blanco Encalada, description and trial..... 602
Boats of *Infanta Maria Teresa*..... 624

Boiler explosion on the *Sarrasin*..... 166
Boilers, Anderson and Lyall..... 360
Babcock and Wilcox in *Nero*..... 395
Belleville, of *Armand Bèhic*..... 380
Polynésien..... 380, 395
Powerful and *Terrible*..... 197
Sharpshooter..... 202, 414, 591
Thames..... 636
practical working of..... 407
Blechynden..... 365
care of..... 673
comparison of those of *Cushing*, *Newark* and *Tripoli*..... 378
cylindrical, life of..... 401
of S. S. *Indiana*, weight and particulars..... 395
vs. water-tube.—Howden..... 373
d'Allest, experimental trials of..... 368
Dürr..... 361
Fleming and Ferguson..... 358
in *Aberdeen*..... 642
Lagrafel-d'Allest in *Jauréguiberry*..... 617
locomotive of *Satellit* compared with *Speedy's*..... 394
weight of..... 350
Marine.—McFarland..... 659
Niclausse..... 364
of *Halcyon* class..... 803
New York, weight of..... 661
Seaton..... 363
Thronycroft, circulation in..... 349
comparison of weight with that of locomotive..... 350
new design..... 156
weight and particulars of cylindrical..... 395
of cylindrical and water-tube in the *Monterey*..... 662
different types..... 411
locomotive of *Satellit*..... 394
Thornycroft of *Speedy*..... 394
Yarrow of *Hornet*..... 391
White..... 365
Yarrow..... 363
test of..... 163
of *Hornet*..... 391
Bonaventure, trials..... 803
Book Reviews.—A manual of naval architecture.—White..... 443
Architecture navale.—Croneau..... 844
Dictionary of electrical words, terms and phrases.—Houston, 646
Die technische entwicklung des Norddeutscher-Lloyds.—Busley and Haack..... 226

BOOK REVIEWS.—(Continued.)
Electricity one hundred years ago and to-day.—Houston 646
Proceedings of the division of marine and naval engineering and naval architecture of the International Engineering Congress 224
Pray's steam tables and engine constants 845
Seaton and Roundthwaite's pocket book 443
Bourke, (Capt.)—Defense of, on loss of *Victoria* 93
Brandenburg catastrophe 416
Brennus, description 806
Bryan, B. C.—Practical application of formulæ for finding the turning effort on the crank shaft of an engine 334

Caesar, dimensions 423
Caledonia, description 643
Campania, record voyage, ... 438, 597, 790
Camperdown, injury to 107
Canadian Atlantic service, steamers for 642
Caprera, description 620
Carney, R. E.—Contract trial of the Olympia 241
Carnot, description 618
Carr, C. A.—Contract trial of the *Marblehead* 129
Carter, T. F.—Triple-screw cruiser *Columbia* 1
Casabianca, description 206
Cassard, description 204
Castine, alterations in 176
Catinat, description 205
Centurion, ordnance trials 168
size and cost 495
Channel steamer *Seaford* 838
Charlemagne, description 427
Charleston, coal expenditure for all purposes 686
particulars of machinery, follow 652
Charybdis, trial 605
Chevalier, torpedo boat, description 585
City of Lowell, speed of 633
City of Paris, accident to 290
Coal consumption trials of *Minneapolis* 713
expenditure for all purposes on *Charleston* 686
in combination with liquid fuel 415
Coetlogon, trials 618
Coke, test of, on board *Dolphin* 736
Columbia, channel steamer, dimensions 839
U. S. S., trial 1
yacht, description and trial 220
Compressed air motor, weight and power of 582

Concord, repairing a broken valve chest on.—Norton 761
Corrosion in boilers 673
Cost of English battleships 495
power, increased, per unit at low power 684
Cranes, locomotive.—Warren 147
Crescent, voyage to Australia 616
Croll, D.—Working engines at low power 592
Croneau, A.—Architecture navale 844
Cruisers, fleet, British 804
Cushing, particulars of machinery, follow 652
variation in evaporation of boiler with rate of combustion 683
Cylindrical *vs.* water-tube boilers 373

Daring, boilers of 156
description 204
description and trial 605
Danube, description 634
D'Assas, description 204
Decoy, trials 804
Denny's method of wood carving 837
Descartes, dimensions 805
D'Iberville, description and trials 806
Dickey, George W.—Discussion on air pumps 547
Dobson, Benjamin A.—Electric welding 774
Dolphin, test of coke on board.—Baird 736
Draft, suction, for boilers 744
Dreadnought, speed and power 493
Dryad, description and trial 614
Duchayla, description 204
Duke of York, description 636, 836
Dungeness, description 221

Eclipse, description 604
Economy of working at low power 592
Efficiency, electrical 557, 581
Eleanor, description 220
Electrical efficiency 557, 581
words, terms and phrases, dictionary of.—Houston 646
Electricity one hundred years ago and to-day 646
as motive power for auxiliary engines 694
Electric light, cost of on *Albatross* compared with that of gaslight 516
launches 698
lighting.—Kennedy 551
motors, efficiency of 557
weight and power of 582
traction.—Kennedy 556

Electric transmission of power 550
welding 774
Elgar, Francis.—Comments on admiralty minute on loss of the *Victoria* 112
Ellida, yacht 645
Ellis and Eaves' suction draft 744
Ericsson, launch of 421
power trial 793
Evaporation, influence of rate of combustion on, in boiler of *Cushing* 683
Evaporator explosion 173
Exchanges 238
Explosion, boiler, on the *Sarrasin* 166
evaporator 173
steam pipe on *Arèthuse* 785
Brandenburg 416

Fauvette, dimensions and speed 440
Favorite, triple-screw steamer, dimensions 438
Feed regulator, Thornycroft's 790
Ferret, description and trial 613
First-class battleships.—White 464
Fish Commission steamer *Albatross* 497
Fly wheels on air pumps 527
Flora, trial 605
Forban, dimensions 429
Forced draft, Howden's system on *Harvey H. Brown* 816
Formosa, description and trial 441, 644
Foros, dimensions and speed 440
Forsyth, Robert.—Discussion on air pumps 538
Foz, dimensions and trial 802
Friant, preliminary trial 807
Fuji Yama, description 632

Gas engine for a screw scow 415
Globe, hull and machinery 830
Governolo description 620
Gross, F.—Suction draft for boilers 744
Guelph, freight steamer, description 832
Gunboat No. 7, arrangement of engines for working at low power 597
dimensions 176
Gunboats Nos. 8 *and* 9, displacement 176
Gustave Zédé, submarine boat, explosion on 619

Harvey H. Brown, description and test 816
Halcyon class, boilers of 803
trials 614
Hannibal, dimensions 423

Harrier, description 426
trials 803
Hartford, air pump 525
Haswell, Chas. H.—Discussion on air pumps 535
Havock, description and trial 203
Hazard, trial 426
Heimdal, description 800
Henri IV, description 427
Hercules, speed and power 493
Hill, Warren E.—Welded steel steam pipes 731
Hollis, Ira N.—Discussion on air pumps 541
Hornet, description and trial 424
test of boiler 163
Yarrow boilers of 391
Howden's forced draft on *Harvey H. Brown* 816
Howden, James.—Comparative merits of cylindrical and water-tube boilers for ocean steamships 373
Howe, speed and power 491

Ice machine of *Minneapolis*, record of trial 725
Illustrious, dimensions 423
Independencia, description 809
Indiana, builders' trial 421
S. S., weight and particulars of boiler 395
Inertia stresses of a slide valve.—Macalpine 272
Infanta Maria Teresa, description 621
Iona, S. S., comparison of performance with that of *Baltimore* 685
Iroquois, review and experimental test of steam plant.—Selden 445
Isherwood, B. F.—*Albatross* 497

Jamestown, description 430
Jemmapes, trial 805
Jaurèguiberry, description 616

Kennedy, A. B. W.—Electric transmission and electric lighting 550
Kensington, description of hull and machinery 217, 823
particulars of boilers, with suction draft 746
trial 830
King, H. D.—Steam plant of *Iroquois* 446
Knight Bachelor, freight steamer 839

La Belle Sauvage, description 842
La Marguerite, description 636
La Navarre, description 218
Lansquenet, description 206
trials 807
Lincoln, J. M.—Comparison of typical ocean steamers 162

Lincoln, J. M.—Trial data of steamships..... 590
Liquid fuel at sea..... 417
in combination with coal..... 415
on board ship..... 679
Louisiana, new machinery..... 820
Lucania, record voyages.....438, 790
Lynx, trials.....614, 805

Macalpine, John H.—On the inertia stresses of a slide valve..... 272
Machias, alterations in..... 176
Maine, official trial..... 792
torpedo boat air pump..... 526
Marblehead, contract trial..... 129
Margarita, dimensions..... 441
Marie Henriette, description..... 431
Marine Economics.—McFarland..... 681
engine, the modern..... 647
machinery, table showing progress in, follows..... 652
Massachusetts, dock trial..... 602
McFarland, W. M.—Discussion on air pumps..... 536
War college lectures..... 647
McKean, F. W.—Discussion on air pumps..... 534
Members..... 229
MERCHANT STEAMERS.—*Alaska*, dimensions..... 162
Aller, dimensions..... 162
America, dimensions..... 162
Arizona, dimensions..... 162
Augusta Victoria, dimensions..... 162
Aurania, dimensions..... 162
Banshee, paddle, new machinery..... 840
Baku Standard, liquid fuel at sea..... 417
Britannic, dimensions..... 162
Caledonia..... 643
Campania, dimensions..... 162
record voyages.....438, 790
City of Berlin, dimensions..... 162
City of Lowell, speed of..... 633
City of Paris, dimensions..... 162
accident to..... 290
outboard shafting, weight and dimensions..... 306
City of Rome, dimensions..... 162
Columbia, channel steamer..... 839
Columbia, (Hamburg Line) dimensions..... 162
outboard shafting, weight and dimensions..... 306

MERCHANT STEAMERS.—(Continued.)

Danube, description 634
Duke of York, description 636, 836
Eider, dimensions 162
Elbe, dimensions 162
Empress of India, dimensions 162
Ems, dimensions 162
Favorite, triple-screw steamer, description 438
Furnessia, dimensions 162
Fürst Bismarck, dimensions 162
Gallia, dimensions 162
Globe, hull and machinery 830
Great Eastern 162
Guelph, freight steamer, description 832
Harvey H. Brown, description and test 816
Himalaya, I.H.P. on trial and in continuous steaming, 410
Iona, comparison of performance with that of *Baltimore*, ... 685
Iroquois, test of steam plant 445
Jamestown, ... 430
Kaiser Wilhelm II, dimensions 162
Kensington, description 217, 823,
particulars of boilers with suction draft... 746
trial 830
Knight Bachelor, freight 839

La Bourgogne, dimensions 162
Lahn, dimensions 162
La Marguerite, description 636
La Navarre, description 218
La Normandie, dimensions 162
La Touraine, dimensions 162
Louisiana, new machinery 820
Lucania, record voyage 438, 790
Marie Henriette, description 431
Mercury, description 640
Miowera 643
Moor, lengthening of 633
Neptune, description 640
New York, record voyage 791
Norman, dimensions 834
Normannia, dimensions 162
outboard shafting, weight and dimensions, 306
time of voyages 218
Northwest, description 212
trial 430

MERCHANT STEAMERS.—(Continued.)
Ophir, dimensions 162
Oregon, dimensions 162
Orient, dimensions 162
Ormuz, dimensions 162
Oroya, dimensions 162
Pembroke Castle, dimensions 162
Petersburg, description 633
Princes Marie, Howden's forced draft on 840
Prinz Heinrich, dimensions 839
Priscilla, description 436
Queen Olga, arrangement of engines for working at low power 596
Scot, dimensions 162
Scotia, dimensions 162
Seine, description 635
Servia, dimensions 162
Slieve Bearnagh, description 641
Southwark, particulars of boilers with suction draft 746
speed of 218
Spree, dimensions 162
Seaford, description 838
Steamers for the Canadian Atlantic service 642
Stirling Castle, dimensions 162
St. Louis, description and launch 811
Teutonic, dimensions 162
Thames, description 635
Trial data 590
Umbria, dimensions 162
Unique, description 430
Vienna, description and trial 834
Vigilancia, speed 217
Werra, dimensions 162
Yorktown 430
Mercury, description 640
Mercury for test purposes 167
Milton, J. T.—Water-tube boilers 357
Minneapolis, boilers of 722
dimensions 717
engine data 719
memoranda for observers on official trial 705
official trial course 712
particulars of machinery, follow 652
trial, coal consumption 713
contract 598, 702
data 728

Miowera, description 643
Modern Cranes.—Warren 147
Montgomery, accident to port engine 602
contract trial 175
Monterey, weight of boiler 662
Monarch, description and trial 800
Moor, lengthening of 633
Motors, electric, compressed air and vaporized oil, relative weight and power 582
for driving tools 552

Namouna, dimensions and speed 440
Naval Architecture, a manual of, by W. H. White 443
Naval machinery, table showing progress in, follows 652
NAVAL VESSELS.—*Admiral Oushakoff*, description 210
Alert, description 203
Alexandra, speed and power 493
Algerine, description 615
Aréthuse, steam pipe explosion 785
Aretusa, description and trial 208
Astræa, trials 199
Aurora, (*Sampaio*,) description 177
Baltimore, comparison of performance with that of *Iona* 685
Barfleur, size and cost 495
trials 182, 197
Blanco Encalada, description and trial 602
Bonaventure, trials 803
Brandenburg catastrophe 416
Brennus, description 806
British fleet cruisers 804
Cæsar, dimensions 423
Camperdown, injury to 107
Caprera, description 620
Carnot, description 618
Casabianca, description 206
Cassard, description 204
Castine, alterations in 176
Catinat, description 205
Centurion, ordnance trials 168
size and cost 495
steam trials 182
Charlemagne, description 427
Charybdis, trial 605
Chevalier, description 585
Coetlogon, trials 618
Columbia, description 11
trial 37
Cost, annual, of battleship during commission 168

NAVAL VESSELS.—(Continued.)

Crescent, voyage to Australia..... 616
Daring, description..... 204
and trial..... 605
D'Assas, description..... 204
Decoy, trials..... 804
Descartes, dimensions..... 805
D'Iberville, description and trials..... 806
Dreadnought, speed and power..... 493
Dryad, description and trial..... 614
Duchayla, description..... 204
Eclipse, description..... 604
Empress of India, trial..... 182
Ericsson, launch of..... 421
power trial..... 793
Ferret, description and trial..... 613
Flora, trial..... 605
Forban, dimensions..... 429
Fox, dimensions and trial..... 802
Fuji Yama, description..... 632
Governolo, description..... 620
Gunboat No. 7, dimensions..... 176
Gunboats Nos. 8 and 9, displacement..... 176
Halcyon, trials..... 614
Hannibal, dimensions..... 423
Harrier, description..... 426
trials..... 803
Havock, description and trial..... 203
Hazard, trial..... 426
Heimdal, particulars of..... 800
Henri IV, description..... 427
Hercules, speed and power..... 493
Hood, trials..... 182
Hornet, description and trial..... 424
test of boilers..... 163
Howe, speed and power..... 491
Illustrious, dimensions..... 423
Independencia, description..... 809
Indiana, builders' trial..... 421
Infanta Maria Teresa, description..... 621
Jaurèguiberry, description..... 616
Jemmapes, trial..... 805
Lansquenet, torpedo boat, description..... 206
trials..... 807
Lynx, preliminary trial..... 614
official trial..... 805

NAVAL VESSELS.—(Continued.)
Machias, alterations in 176
Maine, official trial 792
Marblehead, contract trial 129
Minneapolis, contract trial 598, 702
Monarch, description and trial 800
Montgomery, accident to port engine 602
trial 175
New York, weight of boilers 661
Olympia, contract trial 241
particulars of machinery, follow 652
Oregon, preliminary trial 602
Paris, description 429
Patria, description 176
and trial 799
Philadelphia, run from Callao to Honolulu 689
Phœnix, description 615
Pièt Hein, description 808
Prince George, dimensions 423
Powerful, description 197
Ramillies 182
Rè Umberto, trials 207
Repulse, trials 182
Resolution, behavior at sea 188, 482
speed and power 493
trials 182
Revenge, ordnance trials 172
steam trials 182, 188
Rocket, preliminary trial 805
Royal Oak, description 184
trials 182, 187
Royal Sovereign, rolling of 476
speed 489
trials 182
Saint Louis, description 427
Sampaio (*Aurora*), description 177
Sanspareil, additional bulkheads 197
Sardegna, trials 620
Sarrasin, boiler explosion on 166
Satellit, I.H.P. of 619
description 423
Screw data of vessels of U. S. Navy, precedes 765
Sharpshooter, Belleville boilers of 414
Speedy, machinery and trials 199
natural draft trial 427
weight of boilers 350

NAVAL VESSELS.—(Continued.)
St. George, trial 198
Suchet, trial 428
Surprise, description 205
Tatsuta, dimensions 429
Tegethoff, description 421
Terrible, description 197
Texas, dock trial 421, 600
Theseus, trial 198
Three Saints (*Tri Sviatitelia*), description 211
Torch, description 203
Torpedo boats Nos. 94 and 95 (British), trials 805
Trafalgar, speed and power 491
Turkish gunboats 810
Umbria, data of machinery and trial 809
speed and horse-power 620
Victoria, loss of 37
Victorious, dimensions 423
Viscaya, trials 810
Wörth, dimensions and trial 808
Neptune, description 640
Nero, weight and particulars of boilers 395
New York (S. S.), record voyage 791
New York (U. S. S.), weight of boilers 661
Norman, dimensions 834
Normannia, time of voyages 218
Northwest, description 212
trial 430
Norton, H. P.—Repairing a broken valve chest on the *Concord* 761

Officers and members 229
Oil motors, vaporized, weight and power of 582
Olympia, contract trial 175, 241
particulars of machinery, follow 652
Ordnance trials, British 168
Oregon, preliminary trial 602

Parsons, H. DeB.—New police boat for New York City 345
Paris, description 429
Patria, description and trial 176, 799
Patrol, police boat for New York City.—Parsons 345
Pensacola, particulars of, follow 652
Petersburg, description 633
Philadelphia, run from Callao to Honolulu 689
Phœnix, description 615
Pièt Hein, description 808
Pilgrim, conversion from sailing to steam yacht 441

Pipes, welded steel steam, Hill..... 731
Pistons, effect of polishing on economy of working..... 593
Polynésien, weight and particulars of boilers..... 395
Police boat for New York City.—Parsons..... 345
Popoffkas..... 2
Porter, J. S.—Test of Bailey air-pump..... 768
Powell, W. B.—Steam plant of *Iroquois*..... 446
Power and weight, relative, of electric, compressed air and vaporized oil motors, 582
Power required for electric welding..... 780
Powerful, description..... 197
Pray's steam tables and engine constants..... 845
Pray, Thomas, Jr.—Pray's steam tables and engine constants..... 845
Prellier, C. S. Du Riche.—Electrical efficiency..... 581
Prince George, dimensions..... 423
Priscilla, description..... 436
Prinses Marie, paddle steamer, Howden's forced draft on..... 840
Prinz Heinrich, dimensions..... 839
Propulsive power of screw ships.—Warrington..... 259
Pumps, air.—Bailey..... 518
discussion on..... 765
Bailey, test of..... 768

Queen Olga, arrangement of engines for working at low power..... 596
Questions in Parliament..... 167

Race of steam yachts in the Mediterranean..... 440
Refrigerating plant of *Minneapolis*..... 725
Regulator, feed, Thornycroft's automatic..... 790
Regulation of an electric lighting station..... 571
Resolution, behavior at sea..... 188, 482
Ré Umberto, trial..... 207
Revenge, ordnance trials..... 172
steam trials..... 188
Review and experimental test of the steam plant of the S. S. *Iroquois*.—Selden, 445
Rocket, preliminary trial..... 805
Rolling of British ships in squadron..... 477
Rona, description..... 221
Royal Oak, description..... 184
trials..... 182, 187
Royal Sovereign, rolling of..... 476
speed and power of..... 489, 493

Saint Louis, description..... 427
San Francisco, particulars of machinery, follow..... 652
Sampaio (*Aurora*), description..... 177
Sanspareil, additional bulkheads..... 197
Sardegna, trials..... 620

Satellit, comparison of boilers of, with those of *Speedy* 394
description 423
I.H.P. 619
Scow, screw, gas engine for 415
Screw data of vessels of the U. S. Navy, precede 765
Screws, arrangement of on *Chevalier* 586
triple, of *Minneapolis* 599
Seaton and Roundthwaite's pocket book 443
Seaford, description 838
Seine, description 635
Selden, W. C.—Review and experimental test of the steam plant of the S. S. *Iroquois* 445
Serve tubes, tests of 785
with suction draft 748
Shafting, outboard, of S. S. *Columbia*, *Normannia* and *City of Paris*, weight and dimensions 306
Sharpshooter, Belleville boilers of 414, 591
sustained power 804
Shiebler, A.—Steam plant of *Iroquois* 446
Slieve Bearnagh, description 641
Smoke-pipes, advantages of tall ones 669
Southwark, particulars of boilers with suction draft 746
speed of 218
Space occupied by crank and fly-wheel air pumps and by direct driven ones, relative 549
Speed and power, relative, of English battleships 493
Speedy, comparison of boilers of with those of *Satellit* 394
machinery and trials 199, 427
Steamers, comparison of typical ocean.—Lincoln 162
Steamships, trial data of.—Lincoln 590
Steam tables and engine constants.—Pray 845
St. George, trial 198
St. Louis, description and launch 811
Submarine boat, *Gustave Zédé*, explosion on 619
Subscribers 239
Suchet, trial 428
Suction draft for boilers.—Gross 744
Surprise, (Fr.,) description 205

Tangential pressure curves from engine of *City of Paris*, follow 320
Tatsuta, dimensions 429
Tegethoff, description and trial 421
Terrible, description 197
Texas, dock trial 421, 600
torpedo boat air pump 526
Theseus, trial 198

Thames, description..... 635
Thornycroft feed regulator..... 790
water tube boiler, circulation in..... 349
